

AD-421 Progress Report			
1. Accession 0159520	Agency Identification No. 2. CSRS 3. WN.P 4.	5. Work Unit/Project No. WNP0998	6. Status Progress
7. Title Rural Economic Development: Alternatives in the New Competitive Environment			
12. Investigator Names(s) (Last Name and Initials) Holland, D.W.			
30. Termination Date 09/2002			
85. Progress Report Work was completed on construction of a labor market and fiscal impact model of Washington county economies. Structural equations were estimated and used to forecast in-range outcomes. The predictions from the structural equations were tested to be very accurate and the model is now available for labor market and fiscal impact analysis. Results of model construction and testing were submitted to peer reviewed journals.			
86. Impact Statement			
87. Publications Yeo, JunHo and David Holland. Economic Growth in Washington: an Examination of Labor Market and Fiscal Response. Accepted by the Journal of Regional Analysis and Policy JunHo Yeo and D. Holland, "Economic Growth in Washington: An Examination of Migration Response and a Test of Model Accuracy" International Regional Science Review completed first revision.
